

## **Project Coordinator/Project Admin**

The Zophia Wind Farm is a combination of green energy, community well-being, and environmental protection. It is located in the southern part of Ukraine in the Yakimivka District of Zaporizhia region and it comprises three Zophia wind farms: Zophia I (42.5MW), Zophia II (300MW), Zophia III (450MW), with an overall planned capacity of 792 MW. Once built and operational, it will produce enough to power over 340,000 households and will contribute to a saving of 2 million tons of CO2 emissions.

Development, construction, and operation of the wind farm will be done according to internationally recognized technical, environmental and social standards. Due to its size, it will become a flagship project in Ukraine.

NBT AS, a Norway-based company which develops, operates and owns large-scale wind farms in emerging economies, is the owner of the windfarms. NBT AS has ambitious goals when it comes to renewable power, and takes pride in developing concepts to assist local communities in the area where they operate to effectuate projects that benefits the area.
